

# World's first two man micro access platform

The Tzip2 is our latest addition to the Edmolift Micro Access Platform range and is the first micro access platform to accommodate two men. An exceptionally lightweight and manoeuvrable lift which remains remarkably stable even under extremely harsh operational conditions. If your overhead task requires two men then you need the Tzip2! Safe and stable with room to comfortably accommodate two men + tools.

1st two man micro access platform

# Tzip2

Its time to let go of the ladders  
& have the hands free movement, stability & safety  
of Tzip2!
